- **Donating used furniture, free haircut and photos for elderly**

  The “Serve Hong Kong Group” of Grace Charity is to provide services for the elderly, low income families and other people in need of assistance. Services will be provided to meet the need of the underprivileged within our capacity. Services provided include donation of **used furniture, free haircuts** for the elderly, **free photos taking** for them and caring home visits.

- **Caring for Local Grassroots Families**

  During March to May 2021, our Organization co-operated with two local welfare groups in Chaiwan in organizing a local welfare project for grassroots families for 3 months. Due to the pandemic, some families encountered economic hardship due to unemployment or partial employment. The project helped 31 families with a total of 125 persons, involving a sum of over $110,000. During the operation, our volunteer workers not only rendered cash and daily commodities to the needy, they also engaged in friendly personal exchanges with them to release suppressed emotions. As a result, our volunteer workers also much benefited from the activity, learning how to develop local welfare work. Gratitude is also due to the donors who contributed to the project. Further support is requested.
Special Projects in Chiang Mai, Thailand

Since May, 2019, Grace Charity has rendered assistance to build Chinese Schools in local Chinese villages in Chiang Mai, Thailand. During the 2020 pandemic, the Chinese schools there suffered severe blows economically.

Grace Charity appeals for help on their behalf, seeking financial assistance.

Up to the present, special projects include building teaching blocks, dormitories, aid to students, subsistence to teachers, and donating library books. In a short span of merely two years, the total donation amounts to over RMB 2.5 million.

Due to the unsettled state of the pandemic, their situation becomes more and more difficult. Hence their gratitude towards the donors in Hong Kong turns stronger. Grace Charity as an intermediary fulfils its proper purpose.
